EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian Mattson on May 17, 2004.

The application has been amended as follows:

In The Specification

Page 7, line 24, delete the second occurrence of ".".

In The Claims

Claim 13, line 4, after "adhesive" insert --coating--.

Claim 13, line 11, after "hinge" insert,-- removably attached to the film at a distance from a left edge and further removably attached to the liner--.

Cancel Claim 17.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: Reference character "24b" will be added to Fig. 2. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

Art Unit: 3743

3. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or fairly suggest a method of applying a dressing to a patient, the method comprising the step of providing a hinge removably attached to the film at a distance from at least the edge and further removably attached to the liner.

The prior art also fails to teach a process for manufacture of a dressing, the process comprising the following combination of steps: inserting a folded tab between the film and the pressure sensitive adhesive; and folding the tape around the casing sheet.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record shows the state of the art.
